

Do you have a passion for helping others?

Are you interested in a career in the healthcare field?

Enroll in CCBC's Health Academy to prepare to care.

You'll gain hands-on experience in our classrooms, labs, and clinical environments. As a CCBC healthcare student, you'll have the opportunity to earn up to 28 college credits while still taking your high school classes.

BENEFITS

Learn from experienced college faculty members
 Complete all of the coursework and continue your studies toward an associate degree in nursing or radiologic technology as well as a diploma in practical nursing or other health care careers
 Get career-ready for one of the most high-demand job fields in our region and nationwide
